

#### **INSTALLATION:**

- 1) Disassemble the frame from the back plate by inserting screwdriver under edge of frame and then separate frame from back plate.
- 2) Mount back plate to wall using pre-drilled screw holes. Make sure the back plate is level and square.
- 3) Position mirror so that it is centered over back plate and hold in place.
- 4) Starting at the bottom, place the frame over the edge of the back plate. Start to snap the frame onto the back plate working towards the corners. Then continue up the sides and across the top until the frame snaps in place.

Product made in the USA.
